Hall of Fame for Great Americans
2 Washington Square Village
New York, N.Y.

Dear Sir:

The twentyone members of the Cleveland Unitarian Universalist Alliance wish to urge the recognition of Clara Barton for her outstanding contributions to our country and her election in this bicentennial year to the Hall of Fame for Great Americans.

Clara Barton founded the American Red Cross, initiated the first public school system in New Jersey and was the recipient of 25 decorations and numerous citations for her heroic work on American and European battlefields. She was noted world wide for her humanitarian activities to relieve famine and need in European and Asian nations.

We can all be proud of this great American!

Sincerely,

Mary B. Kiefer
Secretary - Cleveland U. U.
Alliance
